### SUGAR COMPANY AGAIN ACCUSED

Charges of Excessive Profits  
Contained in Complaint  
Filed at Boise

BOISE, Ida., June 11.—In a complaint filed in Pocatello yesterday, charges of making excessive profits, contrary to the Lever act are made against officials of the Utah-Idaho Sugar company. The complaint was filed by J. E. Harrison, head of the department of justice of Idaho, following investigation conducted by him and other members of the department in southeastern Idaho.

The complaint charges the Utah-Idaho Sugar company, directed by Herbert J. Grant, C. W. Nibley, Thomas R. Capper, H. G. Whitely, W. T. Piper and Stephen H. Love, has made excessive profits in the sale of sugar to dealers at Pocatello.

Four different counts are cited in the complaint, which charges that the corporation sold sugar which cost \$9.50 to manufacture to two different mercantile concerns at prices ranging above \$23 and \$24 per hundred pounds.

Specifically, the complaint charges that on May 6 at Pocatello the Utah-Idaho Sugar company sold to the Zion co-operative Mercantile Institution twenty-five sacks of beet sugar at \$24.081 per hundred, the total cost of manufacturing the same not being over \$9.50 per hundred pounds.

On May 8 the sale of 100 sacks to the same company at \$23.881 is made and the other sales are to the Idaho Wholesale Grocery company and consist of 100 sacks on May 5 and another 100 sacks on May 12 at \$24.0777 per hundred.

### MERCHANTS BANK CASE MAY BE DISMISSED

SALT LAKE, June 11.—Dismissal of the suit brought by the receiver of the Merchants' bank to recover from twenty-nine former directors of the institution has become practically certain as a result of settlements effected in process of completion, according to an announcement of counsel of the receiver.

Upon this announcement Judge P. C. Evans of the Third district court granted a motion yesterday for the continuance of the case until Monday.

Counsel for Receiver Stephen H. Lynch gave out the information that settlement had practically been completed in the case of B. Binnard, who came from Texas for that purpose, and that a telegraphic dispatch from A. O. Jacobson in Nevada was to the effect that he will accept the receiver's terms.

The next petition for authorization of acceptance of settlements which Judge V. B. Brantley will be requested to approve will clear up the situation, in the opinion of the attorneys for the receiver.

With approximately \$150,000 to be received, funds will be sufficient to bring the payments to depositors up to 25 cents on the dollar. The anticipated long legal battle, with heavy expenses and uncertainty of realization of judgments, after obtained, will be avoided.

## Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond.

But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby needing special treatment, special remedies.

Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly! Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

## Children Cry For Fletcher's CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit.

Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria: modest in all its claims, pleading at all times—and truthfully—for our babies?

The big splash, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare.

Mothers everywhere, and their daughters, new mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one.

There are substitutes and imitations as there are for the diamond, for anything of value. One might almost say that that which is not copied has no value. So you have had the signature of Chas. H. Fletcher and a copy of the genuine wrapper kept constantly before you that you may guard against the false and the untrue.
